

COMPCHAT

Employer At Injury Program (EAIP) for construction employers

This interactive program will provide the tools your business needs to maximize use of the Employer at Injury Program. Use this employer-activated program to receive wage subsidies and make worksite modifications, as well as make purchases designed to enhance or create transitional work duties when working with a workers' compensation claim. The workshop will provide ideas to develop solutions specific to your business needs.

Presenters: Michael Fischer, SAIF EAIP Specialist
Christina Williams, SAIF EAIP Specialist

**Attend this session and earn two hours of
Oregon CCB continuing education credit**

**Tuesday, March 16, 9:00–11:00 AM
AGC Center, 9450 SW Commerce Circle, Suite 200
Wilsonville, Oregon**

(This session is FREE, but please RSVP!)
