503-682-3363 | www.agc-oregon.org

9450 SW Commerce Circle, Suite #200
Wilsonville, OR 97070

The Safety and Health Council exists to help improve the safety performance of member companies by sharing safety knowledge through networking events, company-to-company safety programs, and safety mentoring leadership development opportunities. We are working to improve and update our email and mailing list. Please let us know if we should add any additional people from your company. Contact Heidi Peterson, heidip@agc-oregon.org to add someone to our list.
