

The AGC Workforce Development Grant program serves to provide funding for projects that address a demonstrated need in the construction industry, encourage and attract competent people to a career in construction, make an effective use of volunteers and/or matching funds, and create a positive impact on construction workforce issues in Oregon and Southwest Washington.

Eligible applicants must be qualified tax exempt organizations, public schools, or institutions located within the AGC Oregon-Columbia Chapter geographic boundaries of Oregon and SW Washington, offering programs of study in construction related fields such as: construction management, civil and engineering studies, construction technology, construction related career technical education, construction trades preparation, or other construction-related careers.

Application Guidelines

Proposed projects or programs must achieve or support one of the following:

1. Promotion of academic, technical training, or professional development achievement in construction
2. Construction career awareness in grades K-12, and/or young adults age 18-28
3. Community based non-profit organizations addressing construction industry workforce development issues, needs, and/or diversity
4. AGC student chapter activities
5. Technology, equipment, and materials enhancements for construction educational programs
