KEYNOTES

OPENING

Welcome to Management: How to Grow From Top Performer to Excellent Leader

Ryan Hawk, *Keynote Speaker, Author, Advisor*

Over the past six years, Ryan Hawk has interviewed more than 450 of the world's most effective leaders on his podcast, *The Learning Leader Show*. Ryan has distilled the key learnings and is sharing the most useful ideas to help you become more impactful at work, at home, and in your community.

LUNCH

AGC of America Panel: From a National Perspective

Steve Sandherr, *CEO, AGC of America*
Ken Simonson, *Chief Economist, AGC of America*
Bob Lanham, *President, AGC of America*

Steve Sandherr, AGC of America's executive director, will speak to the national political environment: what happened and what it means for our industry. Ken Simonson, AGCA chief economist, will dive deeper into the national economic landscape and regional effects. And finally, Bob Lanham, 2020 and 2021 AGCA president, will wrap up the session by highlighting the benefits of giving back to the national organization in this political and economic landscape.

CLOSING

Building Bridges: Learning Through Work

Pat Daniels, *Executive Director, Constructing Hope*
Lee Kounovsky, *Construction, Engineering, and Apprenticeship Instructor, Lane County ESD Construction Sector Specialist*

Hear from Executive Director Pat Daniels of Constructing Hope and Advanced Technologies instructor Lee Kounovsky of Lane Community College about the changing face of the workforce. Each will highlight their programs, strategies for success and support, and how they aid their trainees in navigating challenges as they seek new opportunity. From wraparound support services to individualizing the work experience, these pre-apprenticeship organizations strive to help solve the workforce skills gap by recruiting ready-to-work individuals. In an era where the industry is looking to recruit and retain diverse individuals and solve a workforce gap, these programs are thinking creatively to ensure the next generation of construction industry workers.
