BECOME A BETTER BIDDER *PART 2*

Pre Bid-Post Bid

SPEAKERS:

- **Chana Frederick**, Chief Estimator, P&C Construction Company
- **Jim Carkin**, Chief Estimator, Emerick Construction
- **Scott Maxwell**, Senior Estimator, Howard S Wright
- **Jeremy Vermilyea**, Construction Lawyer, Vermilyea Law, PC

We had a great turnout for Part 1. Part 2 will include a lot of information on bidding and post bid as well as getting to all of the questions left from last month! Join the discussion with our panel of tight-lipped general contractor experts to hear about the procedures that each use in releasing bid information. We will also have a lawyer on the panel to give us the when's and if's as well.

HOW DO I FIND OUT HOW I DID?

- How do I find out how I did?
- What to ask the GC following the bid?
- What if I can't get the info?
- Are there ways to get around the rules to know where you are?
- How much does a relationship depend on finding things out?
- What are the reasons behind when they can tell you and when they can't?
- How do I chase an estimator around when that person can't be reached?
