

# ENGAGE: LEADERSHIP SERIES

## Building a Positive and Productive Project Culture

Mike Neher, LEED AP

Project Manager, Sundt Construction

*With over 20 years of experience in construction, Mike has a demonstrated history of working on complex projects in the water/wastewater industry. He is currently leading the Willamette Water Treatment Plant project in Sherwood, Ore.*

### TOPICS INCLUDE

- Assessing the culture on your project and how leadership styles impact team dynamics
- Hiring practices that support a positive project culture
- Taking your results from good to great– tools you can use now!

APRIL 10, 2023, 5:00 PM
